"KNIGHT FOR A DAY"

AT WALTER'S THEATRE TONIGHT

There is no doubt but that the above musical comedy is the best that has ever come to Gettysburg. The principal comedians and the sourests are clever and fill in their respective places with the utmost harmony. The principal roles are taken by Frank Deshon and Connie Mac who as fun makers have few equals. Among the musical numbers that make special hits are "See-Saw," "Little Girl in Blue," and others. This production is a high class one and there has been no change in the play nor in the quality of the cast.

HOUSE SAVED BY WORK OF WOMEN

Residence of Adam Foutz on Stevens Street Scene of Threatening Fire on Thursday Afternoon. Energetic Work of Women.

The energetic efforts of several women residing on Stevens street prevented the destruction by fire of the home of Councilman Adam Foutz on that street Thursday afternoon and probable serious injury to Mr. Foutz himself.

Mr. Foutz had been lying on a couch in his room smoking and some of the burning tobacco dropped to the fringe which quickly blazed up. He tried to extinguish the flames but finding that they were getting ahead of him called to Mrs. Jacob Weyandt who went word to the home of J. O. G. Wenner to send in a call for the Fire Department. She then hurried to the room with water. Several other women soon arrived on the scene and found the fire leaping high to the ceiling.

Miss Mary Linn rushed into the room filled with smoke and tried to get Mr. Foutz out. He had become somewhat dazed and she found it an impossible task. By this time the other women were bringing buckets of water which they handed to her. She devoted her entire efforts to extinguish the flames which were gaining rapid headway. In the meantime Mr. Wenner had been summoned by telephone and when he arrived on the scene found Miss Linn almost overcome by smoke. He saw that she got to the fresh air and then he completed the work of putting out the fire. Mr. Foutz was none the worse for the experience.

The couch, several chairs, one door and the wall paper and carpets were all badly burned. The loss is fully covered by insurance.

The Department responded promptly when the bell was rung and the apparatus was hurried down to York street where it was thought the fire was. By the time the apparatus was turned around word was received that the blaze at the Foutz home had been extinguished and the company returned to the engine house.

CHAMPION WALKER

Daniel Woodring, of near Fairfield, is in the habit of walking over the mountain to Waynesboro, notwithstanding his 74 years of age.

The distance is 13 miles from his home to Waynesboro and entails the crossing of a mountain, yet Mr. Woodring makes the trip without showing much evidence of fatigue.

Mr. Woodring says he is not so spry as he used to be because, two years ago, while doing some carpentry work on his premises he was unfortunate enough to break his right ankle. No one would know that he had sustained such an accident were he not told of it. Otherwise Mr. Woodring has nothing to complain of.

He has formed the habit of walking to Waynesboro, because by train he cannot get there until almost 12 o'clock and he can arrive there several hours ahead of that by a foot journey. He carries a long cane which he uses as much for something to carry as for the support he derives from it.

SCHOOL BOARD SAVES MONEY

Local Board of Directors Decide to Give out Work by Contract and by Doing so Save Twenty Five per cent. Monthly Meeting.

At the regular monthly meeting of the School Board held in the Meade Building on Thursday evening it was reported that all of the bills for the improvements at the High Street building had been paid. The changes and additions cost \$1074.43, a sum more than \$400.00 less than that named by the lowest bidder.

It will be remembered that at the time bids were received for the work the Board thought that they were excessive and determined to let the work by the day. The wisdom of their decision is plainly shown by the result.

Many routine matters were transacted at Thursday's meeting. It was decided among other things that the town teachers, who wished to, could use Monday of Institute Week as visiting day. Several of the teachers had signified their desire to visit schools in neighboring towns and cities after their usual custom and the Board granted their request in view of the fact that there will be only one half day session of Institute on Monday.

Truant Officer Utz reported on various matters. One interesting case was brought up of the officer finding two boys in town who claimed that they had just moved here from York county. It was found that the family was poor and Mr. Utz secured employment for the older boy at a local factory, seeing that the younger was placed in school. The boys are aged 16 and 11 years and neither one can write his name.

It was decided that the schools close on November 24, the Wednesday before Institute week to remain closed until December 6, the Monday following the week. It was also decided that the Christmas recess begin on the evening of Thursday, December 23 and extend to Monday, January 3.

The matter of planting trees at the new High School building was discussed. It is likely that trees will be planted in the near future by a number of the members of the present Board and by some members of former Boards.

NEIGHBORS HELP AGAIN

It will be remembered that several weeks ago thirty neighbors gathered at the farm of John J. Black in Straban township and cut off his corn by moonlight. Mr. Black, who had been injured by being dragged by mules, knew nothing of his neighbors' kindness until he awoke the next morning. On Wednesday of this week the same number again gathered at Mr. Black's farm and husked the corn. They were served with a bounteous supper by Mrs. Black in the evening and spent a pleasant time. Their kindness is greatly appreciated by Mr. Black and his family. He is still suffering a great deal from the effects of the accident.

BIG FIRE ON THE MOUNTAIN

South Mountain Scene of Several Disastrous Forest Fires which have been Burning Fiercely Since Sunday.

The worst mountain fire which has ever visited the section around Clear-spring in the memory of the oldest inhabitants there is raging on three mountains there. The fire began on Sunday evening and has been burning with more or less fury ever since. The fire originated near Hanging Rock and is thought to be of incendiary origin. It is thought that the person who started the fire which has burned over so much property, is known as a young man went toward the Hanging Rock Sunday evening and a little later the fire was noticed. Since then an area estimated to be 1500 to 2000 acres or more has been burned over and the loss will run into thousands. Much valuable timber as well as young timber has been destroyed. Much cord wood has also been consumed.

The mountain has been burned over from Blair's Valley Church to the Summit, a distance of about four miles. As it is now the fire is on three mountains, the Punchbowl is afire as is also the Heartstone and Sword mountains and the Big mountain back of Clearspring, all having originated from the fire near Hanging Rock.

Last night the fire reached the Summit, near where the old inn, which was destroyed about a year ago, used to stand. The wind last night was coming from the west but notwithstanding this the fire made great headway last night.

All efforts to extinguish the blaze have proved fruitless and many persons are of the opinion that the fire will keep going until it reaches the Indian Springs section. Last night the house of William Cartee was in great danger and it was only through the efforts of the corps of fire fighters that the dwelling was saved.

Among those who own land over which the fire has burned are the following: David S. Miller, Boyd heirs, Patrick Forsythe, Jacob Carty, Mrs. Emma Spigler, Robert Bridges heirs, Andrew Zell, Mr. Smiley and others.

A fierce fire is raging around Brownsville, the mountains to either side of the town being ablaze. Efforts have been made to extinguish the blaze but there has been little success in this direction as the high wind of Thursday gave the fire a new life.

Another mountain fire broke out east of Smithsburg Thursday and burned all last night. Last night the fire made rapid headway.

Fire on Jack's Mountain has been doing great damage, on Thursday burning almost down to the station of that name. It could be seen plainly from Gettysburg Thursday and from Fairfield all day today.

"What a play to suit all tastes." This is what is confidently claimed for "The Village Parson," a refined comedy drama which will be presented at Walters Theatres, Monday November 8. Combined with a heart story for strong human interest and ingenious plot and numerous scenes in which the comedy element has full swing, is what makes the play unusually attractive to theatre goers who have become tired of clap-trap mele drama. SMOKE OR BADIES MUST GO

Chicago Sees Peril to Coming Race in Coal-Black Clouds.

Chicago, Nov. 5.—Either smoke or babies must go. This is the alternative which confronts Chicago, declared Alderman Bernard W. Snow in a speech delivered at an anti-smoke meeting conducted at Mark White square by the Chicago Woman's club. Big deposits of smoke so vitiate the atmosphere that the death rate among infants assumes startling proportions, and actual depopulation of the city is threatened, said the author of the proposed ordinance looking to electrification of railway terminals.

MAD DOG BITES BOY

Lad Went to Rescue of Woman and Was Bitten on Arms and Hands.

Terre Haute, Ind., Nov. 5.—A lady standing on the street here was attacked by a mad dog and stood paralyzed with fear, utterly unable to do anything to prevent the dog from tearing her clothing. Leonard Arit, aged thirteen, went to the woman's rescue, and in a desperate struggle with the brute was badly bitten on the arms and hands. A passing drayman, seeing the dog biting the boy, jumped from the dray and beat it to death with a pole.

ROBBER FELS CASHIER; ESCAPES WITH \$14,165

Daring Thieves Make Rich Haul at Niagara Falls, Ont.

Niagara Falls, Ont., Nov. 5.—After striking William Dobbins, the cashier in the office of the Canadian Express company, down with a piece of iron pipe, a lone man vaulted the counter and made off with a package containing \$14,165 in cash. He had a confederate, who stood outside the door, and the two disappeared down the street. All efforts on the part of the police to locate the pair have thus far been futile.

The package contained several consignments of money from the banks here to their branches in Hamilton and Toronto.

The first that was known of the robbery was when Bruce Brown, the agent in charge of the office, entered the office to get the waybills and package of money. He found Dobbins unconscious on the floor back of the counter, with blood flowing from a gaping wound back of his right ear. Mr. Brown raised an alarm at once, but it was more than an hour before Dobbs was sufficiently revived to give even a meager description of the man who struck him down.

TO FIX TIME FOR EASTER

State Church at Berlin Approves Im-movable Date.

Berlin, Nov. 5.—The general synod of the State Church approved in principle the suggestion to fix by legislation an immovable date to be observed as Easter Sunday.

This is proposed as a convenience to both the church and the public. Dr. Drysander, vice president of the superior church council, said that the council had the matter under advisement.

NEW MASSACRE BY TURKS

Attacks on Armenians Reported on Peninsula of Anatolia.

London, Nov. 5.—A new massacre on the Turkish peninsula of Anatolia was reported here. The dispatches say that the first attacks on Armenians were outdone in fury by those occurring later. The situation there is critical. It is not known whether any Europeans were near the district in disorder.

Farm Hand Kills Three.

Ogdensburg, N. Y., Nov. 5.—There is great excitement at the village of Quill lake, Canada, over the triple murder of George Thorburn, a farmer, his wife and his wife's mother, who were brutally killed. Mr. Thorburn was shot and his body thrown into the cellar. The body of Mrs. Thorburn was found in the brush near the home, and the body of Mrs. Thorburn's mother is believed to be in the well. The little three-year-old daughter of Thorburn hid in an oven and escaped the monster's clutches. A ten-year-old son was clubbed into unconsciousness, but is still alive. The alleged murderer, a Hungarian hired man, was arrested. He admits his guilt.

Five horses were used in pursuing one bull, whose value is \$1500, but he is still at large.

\$8965 STOLEN FROM SHIP'S SAFE

Purser's Strong Box Looted During His Absence.

ASSISTANT STEWARD GONE

Thief Had Keys to Unlock Door of Office and Safe—Missing Man's Coat and Bunch of Keys Found in Room Nearby.

New York, Nov. 5.—During the excitement that attends the disembarkment of passengers a steamship purser cannot be every place, but there's one purser, August Hoefel, of the steamer Prinz Joachim, of the Hamburg American line, who now regrets that he left his room for about six hours on election day. During the purser's absence somebody entered his room and took about \$8965 in American currency from the ship's safe.

The \$8965 or so (somebody at the Hamburg American office said that it was \$8965, to be exact) was American money that had been received from passengers and exchanged for English and South American money during the last trip. The currency was placed in a box at Jamaica and locked in the purser's safe.

When things had quieted down a bit after passengers and a fruit cargo had been put ashore at pier No. 1, Purser Hoefel decided to come ashore and see how election day looked. When he returned to the ship for dinner and to get some ready cash to go to a theater, the door of his room, which is on the main deck forward, was locked, as it should be. As he grabbed the knob of the ship's big safe to work the combination he was surprised to find that although the safe was closed the door of it was unlocked. When Purser Hoefel unlocked the inner door of the safe he found that the strong box had been stripped of more than \$8900 in cash, all it contained.

The purser told Captain Von Leitner of the robbery immediately, who in turn notified the police.

Just a few minutes after the purser discovered that the money had been stolen some of the ship's investigators discovered, in a room adjoining the purser's office, a coat and hat belonging to one of the steward's assistants. In a side pocket of the coat was found a bunch of keys, among which were keys to the door of the purser's room and keys to the inner door of the safe. Assistant Steward Max Runge is missing.

Pittsburg, Nov. 5.—Helen Boyle, who is serving a twenty-five-year term in the western penitentiary for her part in the kidnapping of Willie Whitt, of Sharon, Pa., filed an appeal with the superior court of Pennsylvania. She charges that her conviction by the Mercer county court was illegal. The papers in the appeal do not mention James Boyle, husband of the woman, who was given a life sentence for his part in the kidnapping. The appeal is merely the formal paper and asks for a review of the case.

AFTER LOEB'S SCALP

New York Importers Want Him Removed as Collector of Port.

New York, Nov. 5.—Merchants and Importers who are disgusted with conditions in the New York custom house are planning to ask President Taft to relieve William Loeb, Jr., from his job as collector of the port.

It was learned that representatives of a number of large importing concerns have held a meeting to talk over how the matter shall be put up to the president when he returns to Washington. It was brought out in the meeting that none of them believe that the president is informed of the conditions that have sprung up since Collector Loeb adopted a policy of securing the confidence of men with money by the testimony of protected thieves who are shy of cash.

"They will tell the president," said the informant, "that they are getting afraid to have dealings with the custom house under Mr. Loeb's incumbency. They hesitate to order large consignments from abroad because recent events have shown that there is nothing to prevent the thieves of the customs service from going before Collector Loeb and charging them with fraud. Mr. Loeb has proved that he will protect any dishonest man who tells a tale that implicates an importer."

"The Christmas season is coming on. It is the fastest time of the year for the custom house grafters. It is the season in which grafters go from business house to business house demanding presents."

DEER AND HUNTER IN DEATH STRUGGLE

Camden Hunter Tossed by Wounded Buck.

Cape May, N. J., Nov. 5.—Emil Mathis, of Camden, while hunting deer near May's Landing, was attacked by a wounded buck and managed to kill the animal with his hunting knife only after he had been tossed about on its sharp horns and had barely escaped being trampled by its knife-like hoofs.

Mathis first sighted the deer standing in a brook and wounded it with his first shot. It dashed into a thicket, with Mathis close behind. He fired again and inflicted a second wound. The wounded buck reached an open field, where it laid down.

Mathis, thinking it was dying, ran up to it, but neglected to reload his gun. As he approached the animal it rose to its feet and charged him. Mathis turned to run, but the deer caught him on its horns and tossed him back into the thicket. Snorting and with its head lowered the deer plunged after the man. Mathis did not have time to load, but grabbed his gun by the barrel and swung it to the deer's head. The animal was stunned by the blow, and Mathis followed up his advantage by unsheathing his large hunting knife and plunged it into the deer's throat. A few minutes later the deer died.

II. Thou shalt patronize thine own merchants; that they shall not be driven from their home to find food for their children.

III. Thou shalt patronize thine own merchant, also the printer, and they shall patronize thee.

IV. Thou shalt pay thy bills promptly, that thy credit may be good in the land where thou dwellest, and thy neighbor greet thee gladly; then deposit thy surplus in home banks.

V. Thou shalt not knock the props from under thine own town, in order to be revenged upon thine enemy, lest thou perish with him.

VI. Thou shalt not incline thine ear to the voice of pride, nor permit vanity to overcome thy heart.

VII. Thou shalt spend thy earnings at home, that they may return whence they came, and give nourishment to such as come after thee.

VIII. Thou shalt not bear false witness against thy town wherein thou dwellest, but speak well of it in the ears of all men.

IX. Thou shalt not covet thy neighbor's seed wheat nor his meat hog, nor the cow, nor the corn which is in the crib, but whatsoever thou desirest thou shalt buy of him, and thou shalt pay the price thereof in the coin of the realm.

X. Thou shalt keep these commandments and teach them to thy children unto the third and fourth generations, that they may be made to flourish and wax rich while thou art laid to rest with thy fathers.

The present is distinctively an era in which experts in some one line are winners. In no realm is there greater demand for the expert, the one who is equipped and tried, than in agriculture, and in no field is there more healthful or reward for effort more sure.

The eyes and teeth of young people are entirely too precious physical assets to be neglected in the shameful way in which they so often are. If boys and girls doubt the truth of this statement, let them question those who are helpless without their glasses or can't properly chew a square meal without store teeth.

The conditions existing in the cow stable, coupled with the care given the utensils in which the milk is kept, are the chief factors in determining whether the butter product resulting from the dairy operations is gilt edged "western extra" or rancid stuff that is barely fit for food. It is just a matter of filth and bacteria or absence of it that largely determines butter quality.

Free Sample Aids Old Men

The sudden change from years of activity of both body and mind to the quiet of later years causes the human system to undergo many changes, chief of which is in the digestive organs.

It becomes harder and harder to get the bowels to move promptly and regularly and in consequence many elderly men suffer not only from the basic trouble, constipation, but from indigestion, headache, belching, sour stomach, drowsiness after eating and similar annoyances. It is first and then to keep the bowels open naturally. A violent cathartic or purgative is not only unnecessary but harmful, and something mild will do the work just as well.

After you have got through experimenting with salts and pills and waters of various kinds, and have become convinced that they do only temporary good at best, then try Dr. Caldwell's Syrup Pepsin, a mild, gentle, pleasant-tasting laxative tonic that is easy on the stomach and the requirements of old people, women and children, and yet is effective enough for anybody. Your druggist, who has handled it successfully for a quarter of a century, will sell you a bottle for fifty cents or one dollar, but if you want to make a test of it before spending any money, send your name and address to Dr. Caldwell and he will gladly send you a sample bottle free of charge.

This remedy is rapidly displacing all other forms of medication for the cure of stomach, liver and bowel trouble, and families like Mr. O. F. Wisner's of Syracuse, N. Y., and Mrs. Carrie Culler's of 325 N. Notre Dame street, South Bend, Ind., are now never without it in the house. They have tested it and know its grand value to every member of the family.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address to Dr. W. B. Caldwell, R. 521 Caldwell building, Monticello, Ill.

Free Sample Aids Old Men

The sudden change from years of activity of both body and mind to the quiet of later years causes the human system to undergo many changes, chief of which is in the digestive organs.

It becomes harder and harder to get the bowels to move promptly and regularly and in consequence many elderly men suffer not only from the basic trouble, constipation, but from indigestion, headache, belching, sour stomach, drowsiness after eating and similar annoyances. It is first and then to keep the bowels open naturally. A violent cathartic or purgative is not only unnecessary but harmful, and something mild will do the work just as well.

After you have got through experimenting with salts and pills and waters of various kinds, and have become convinced that they do only temporary good at best, then try Dr. Caldwell's Syrup Pepsin, a mild, gentle, pleasant-tasting laxative tonic that is easy on the stomach and the requirements of old people, women and children, and yet is effective enough for anybody. Your druggist, who has handled it successfully for a quarter of a century, will sell you a bottle for fifty cents or one dollar, but if you want to make a test of it before spending any money, send your name and address to Dr. Caldwell and he will gladly send you a sample bottle free of charge.

This remedy is rapidly displacing all other forms of medication for the cure of stomach, liver and bowel trouble, and families like Mr. O. F. Wisner's of Syracuse, N. Y., and Mrs. Carrie Culler's of 325 N. Notre Dame street, South Bend, Ind., are now never without it in the house. They have tested it and know its grand value to every member of the family.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address to Dr. W. B. Caldwell, R. 521 Caldwell building, Monticello, Ill.

Keeps Every Room Warm YET BURNS LESS COAL

Prepare for Winter. Don't struggle on with the old-time heater which
wastes more coal than it utilizes and even then warms the house only in
spots and only some of the time. Don't have a "cold side," or a third floor
where the heat "won't reach." Make it reach! You can do it easily,
and yet save money on your coal bills—by installing the

MODEL Heating System

Adapted to steam or hot water. It embodies
many unique improvements for burning every
pound of coal completely, getting all the heat
out of it, and delivering that heat from the radiators with the least
possible loss. Thousands of Model Heating Systems are in use,
actually saving one-third to one-half of the former coal consumption.

LEDOM Like the Model Boiler, it embodies the latest improve-
Range ments. Always ready, holds fire perfectly over night,
and has a big, hot oven that delights housewives.
